1,000 GIs In Viet Nam To Return

TOKYO (AP)—America's top military commander in South Viet Nam said today at least 1,000 of the 15,000 American troops in Viet Nam will be on their way home within two months.

The statement by Gen. Paul D. Harkins, made in Saigon to a correspondent of the Stars and Stripes, was in line with a White House announcement earlier this month.

The White House said after an inspection trip by Defense Secretary Robert S. McNamara to South Viet Nam that 1,000 American military personnel who have been training Vietnamese troops probably could be withdrawn by the end of this year.

Harkins told the Stars and Stripes "victory in the sense it would apply to this kind of war" is just months away.

"There won't be any victory parades as such," Harkins said, "because there will be sporadic incidents for a long time to come. But I can safely say that the end of the war is in sight."

(Communist guerrillas routed a 120-man company of crack South Vietnamese special forces 140 miles southwest of Saigon Tuesday. The guerrillas killed 20 of the government troops, wounded 30 and were believed to have taken 15 men prisoner, including all three American military advisers with the company.)

Salem Gas Rates To Return To Higher Level

The Ohio Fuel Gas Co. notified officials today in more than 200 communities it serves in Ohio, including Salem, that portions of rate reductions, in effect since last Dec. 1, will terminate this Dec. 1.

The reductions resulted from refunds received by the company from gas suppliers. Rates in most of the communities involved will return to the level charged before the reductions and involve 1½ cents to 2½ cents per 1,000 cubic feet.

The increase will be 1½ cents for Salem, Lisbon and Columbiana.

Among cities in which rates will be increased by 2 cents are Athens, Nelsonville, Galion, Huron, Sandusky, Logan, Wellston, Mount Vernon, Elyria, Marion, Circleville, Mansfield, Fremont, Alliance and Upper Sandusky.

Cities in which rates will be increased 2½ cents per 1,000 cubic feet include Bucyrus, Newark, Port Clinton and Chillicothe.

U.S. Expels Three Soviets In Spy Plot

UNITED NATIONS, N.Y. — The United States is expelling three members of the Soviet U.N. delegation after accusing them of a spy plot with the country. They were expected to leave today or Friday.

The Russian government was expected to protest the expulsion order and reject the espionage charge. A member of the Soviet U.N. delegation claimed the case was a provocation to prevent further improvement of U.S.-Soviet relations.

The three ordered expelled were Gleb A. Pavlov, 39, an attaché; Yuri A. Romashin, 33, third secretary; and Vladimir I. Olenev, 37, identified only as a member of the Soviet delegation.

Officials declined to say why, but there were hints that neither side was too enthusiastic about it now at the end of the summer tourist season.

The two countries were near an agreement on the air route in 1961 when the Soviets built the wall in Berlin, suddenly freezing the international climate.

The issue was revived last summer when, in the wake of the limited nuclear test ban pact, the administration listed it among the bilateral problems the two countries should seek to solve.

It was proposed that Pan American World Airways and Russia's Aeroflot should have one flight a week.

The decision to shelve the idea caused some surprise, as the air route was one of the promising U.S.-Soviet issues.

Negotiations on another bilateral issue, the opening of consulates in Chicago and in Leningrad and the signing of a consular convention, are continuing and progress is satisfactory but slow, informants said.

FBI agents said they found a minute document copier that worked from a cigarette lighter in Pavlov's car.

Putman said he would produce evidence to show that Domer stayed in numerous motels and hotels, cashed checks without funds, made illegal statements to banks and federal and state agencies and, at one time, took money illegally from his mother's savings account.

Says Client Innocent

Defense attorney Harry W. Schmuck said Domer would admit meeting Riddle and illegal business operations but said his client was innocent of murder. He said a person with Domer's background and family could not commit such a crime.

He contended that Riddle was not burned to death in the Domer car as claimed by the prosecution.

"Riddle did not die in the fire and this will be proved by scientific evidence that cannot be refuted," Schmuck said.

The lawyer said evidence would show that Domer was "so confused, mixed up and disturbed by the operation of his busi-

ness."

Penalty

Stark Prosecutor To Ask Death For Domer

CANTON, Ohio (AP) — Stark County Prosecutor Norman J. Putman indicates he is seeking the death penalty for Robert L. Domer, former Canton mortgage investment broker on trial for murder before a panel of three Common Pleas Court judges.

The prosecutor told the court in his opening statement Wednesday that there would be "nothing to recommend mercy" in the case.

Domer, 44, is charged with first-degree murder in the slaying of Howard F. Riddle, 54, an Akron fruit peddler. Riddle's charred body was found in Domer's burned automobile last April 23 west of Massillon along the Stark-Wayne County line.

"Man In A Hurry"

Putman described Domer as a "man in a hurry" who "learned to live with crime, theft and forgery as a daily way of doing business." He said he may call 115 witnesses to unravel what he described as the trail of illegal business operations and plans for Riddle's death in which Domer was involved.

Calling Riddle's death "the greatest forgery of all," the prosecutor said:

"To accomplish it he (Domer) would have to alter not a deposit slip or a bank statement, but a living human being."

"It would be presented to a life insurance company who would, he hoped, believe it to be him, accidentally killed."

The prosecution charges that Riddle was slain to make it look like Domer had committed suicide so his beneficiaries could collect an estimated \$288,000 in insurance.

Putman said he would produce evidence to show that Domer stayed in numerous motels and hotels, cashed checks without funds, made illegal statements to banks and federal and state agencies and, at one time, took money illegally from his mother's savings account.

\$54,200 In 'Moldy Stuff'

Teacher Finds Mutilated Money at Gettysburg

WASHINGTON (AP)—A high school teacher who had to have another look at the Gettysburg battlefield got the glorious news today—that "moldy stuff" he scooped up last June is worth \$54,200.

"I feel sick. My legs are still shaking. Wow."

And then, "I'm waiting for some confirmation."

That was George C. Rapport's response when told by a newsman that the cache of mutilated currency he turned in to the Secret Service in New York last July has a redemption value that the Treasury sets at \$54,200.

Rapport has been waiting since then to hear from the government. The Massapequa Park, N.Y., man said that except for his wife Ruth, he has told nobody else about his find.

"It would just be my luck to run into something and get into trouble," said Rapport, 46, a social studies teacher at a Bellmore, N.Y., high school.

Last June 26 the vacationing Rapport and their two children, Eileen 17, and Jack, 13, visited the Gettysburg battlefield in Pennsylvania.

They toured the Civil War site, but Rapport said: "You know how it is on a tour. Things go so fast you can't appreciate everything. So we went back."

Next day Rapport was walking by the Eternal Light Peace Memorial at the Gettysburg National Military Park. His wife and two children were in their car nearby.

On the ground lay a rotted bundle.

"There was no one around," Rapport recalls. He picked it up

"—I had no idea what was inside" — and placed it in the trunk of the car.

Later, he put it in the cellar of his home.

"I couldn't possibly spend any of it. It didn't look like currency. It was too moldy."

"About 10 days later, I didn't know what to do with it, so I reported it to the Secret Service in New York."

He says he was called to Washington by the Secret Service about three weeks ago to tell his story.

Berserk Man Kills One, Wounds Two

MOUNT VERNON, Ohio (AP)—A Galion man who shot and killed a Mount Vernon News advertising salesman—because, he said, he had orders from Jesus Christ—was to be charged with first-degree murder and shooting with intent to wound today.

Knox County Prosecutor Charles

Ayers said he would file the charges after questioning Orville Perkey, 30, in the bizarre shooting Wednesday that also resulted in the wounding of two other Mount Vernon News employees.

Less than an hour after the tragic shooting, Perkey was arrested by Galion police as he drove his auto only two blocks from his home. They said he offered no resistance despite the fact he still had a loaded 20-gauge shotgun on the seat of the car.

Victim of the shooting was Richard Merrin, 46, an eight-year veteran of the News. Wounded, but not seriously, were Joseph Poljak, 33, and Malcolm Francis, both employed in the composing room.

Authorities said Perkey entered the one-floor office of the newspaper about 12:30 p.m. Wednesday to see his former wife, Peggy Walker, 25, an advertising employee.

He told Ayers that "I had orders from Jesus Christ to humiliates my former wife." The couple was divorced about 1½ years ago.

He said he entered the front door of the building, pointed the shotgun at his former wife and Merrin and ordered them to take off their clothes and go out to the street. Miss Walker begged him not to shoot and Perkey said Merrin offended him when he said he wouldn't comply with the order to remove his clothes.

Snow also fell in Wyoming and Colorado, with four inches in Leadville, Colo., and smaller amounts in Lander and Casper, Wyo.

In the Midwest, still need of heavy, steady rains to ease drought conditions, light rain fell from southern Wisconsin westward through South Dakota and northern Nebraska as well as into northern sections of Illinois and Indiana and western Lower Michigan.

The rain and snow in New England prompted officials in Maine, Massachusetts and Rhode Island to lift restrictions on outdoor burning and the public use of woodlands. Restrictions also were lifted in most of New Hampshire but continued in Vermont and three New Hampshire counties as well as in New York and New Jersey.

Sunny skies were indicated for most of the Atlantic Coast states except Maine. But more rain was in prospect from the southern Great Lakes region and lower Ohio Valley westward into the Central Rockies.

Dr. Jakob Knezkis, newly-employed psychiatrist-director of the county clinic, was the guest speaker and he reported on the different types of cases that they expect or hope that will be referred to the clinic by doctors, lawyers, teachers, clinic on their own. He said he and people who will come to the clinic that the public will accept the clinic and consider their illness as any other disease that they may contract.

The following persons were elected to the board of directors to serve until Jan. 1, 1967:

F. H. Bezdek Elected by Health Group

Francis H. Bezdek, Lisbon RD 5, was elected president of the Columbian County Health and Safety Council Tuesday evening when the group met in the county extension offices.

The term will be for one year, completing the unexpired term of Rev. Thomas Hammerton of East Palestine.

Mrs. Joseph Mattevi of Lisbon RD 4 was elected secretary, and Atty. Donald Elliot of Rogers, Miss. Lillian Schroeder of Salem, Charles Gause of Hanoverton, Mrs. Sybill Degnan of Leetonia and Rev. Hammerton were named members for a two-year period.

Members-at-large for one year are Mrs. Carl Wollam of East Liverpool RD 2, Mrs. Ralph Phillips of Salem RD 3, Mrs. Evelyn Hoopes of Beloit RD 2, Earl S. Kerr of Salem and Mrs. Henry Klitz of East Palestine RD 1.

Robert Rice, Salem City Hospital administrator, was elected to represent the hospitals; Don Myers of Lisbon was named chairman of the program committee.

The program included a film, "Mechanized Death," shown by the State Highway Patrol.

The council went on record as endorsing the three county levies on the ballots of the Nov. 5 election.

Lettuce Goes To Sleep

Nitrogen gas is being used to control the atmosphere for fruits and vegetables to preserve them during transit.

The Chicago, Burlington and Quincy Railroad Company recently demonstrated how controlled atmosphere involves the use of nitrogen gas to maintain high nitrogen-low oxygen atmosphere within the refrigerated piggyback trailer.

The nitrogen puts the lettuce to sleep by sharply reducing the high natural respiration of the leafy stuff. The technique also can be applied to other fruits and vegetables.

Apple shippers have used the nitrogen gas atmosphere for shipping and say they have extended the marketing season of high perishable MacIntosh apples to 10 months instead of 2.

The produce maintains its fresh crispness during the long-haul trips.

For the Board of Education

Any woman who shows enough genuine interest in community and civic affairs to attend frequent meetings of City Council and the Board of Education deserves voters' consideration when she runs for public office. Such a woman is Mrs. Dorothy McKibbin, who was a member of the "Citizens For the Charter" committee here in 1960 and has sat in on many Council meetings and School Board sessions as both a private citizen and as a representative of the League of Women Voters.

Mrs. McKibbin, mother of two children, is a candidate for one of three terms ex-

piring on the Salem school board Dec. 31. She is the only woman among six candidates, the others being incumbents Gail Herron and Bryce Kendall and newcomers Elliott Hansell, John Herman, Jr., and David Briskin.

Hansell, a prominent local merchant, is the board's own choice to fill the seat being vacated by Orein Naragon after 12 years' service. Hansell will make a good member, as Gail Herron has been. The latter was appointed in 1959 when Harold Smith resigned. Herron deserves to be re-elected.

Precursor to Obscurity

Can you identify George Clinton, Elbridge Gerry, Daniel D. Tompkins, George M. Dallas, William R. King, Hannibal Hamlin, Thomas A. Hendricks, Levi P. Morton, Garret A. Hobart, Charles W. Fairbanks, James S. Sherman and Thomas R. Marshall?

If you know that one thing they have in common is that each served as vice president of the United States at one time or another, go to the head of the class.

If you didn't realize that any of them ever had held that high office, don't be downcast—you have plenty of company.

For ten men—John Adams, Thomas Jefferson, Martin Van Buren, John Tyler, Millard Fillmore, Andrew Johnson, Chester A. Arthur, Theodore Roosevelt, Calvin Coolidge and Harry S. Truman—the vice presidency has been the stepping stone to the presidency.

But for most vice presidents, the office has served as the precursor to obscurity.

John Calhoun evidently became so disenchanted with the position he resigned to

become a U.S. senator. These facts are worth bearing in mind as the 1964 presidential year approaches. They will help explain why so many men who make like presidential candidates are reluctant to accept the second position on a party's national ticket.

Not since Van Buren has a vice president acceded to the presidency for the first time under his own steam. Death has intervened to elevate the others.

Too much is at stake for a man with a promising political future. Even though Richard M. Nixon came within a narrow margin of succeeding in 1960, the odds apparently are too great to overcome.

Lyndon B. Johnson has learned the price a man must pay to become vice president. His power is nowhere near as great today as it was when he was in the Senate.

That's why no one is running hard for Republican vice presidential nomination in 1964 and no Democrat is seriously contesting Vice President John's right to continue on the ticket.

Good News for Nature Lovers

From the University of Wisconsin comes news that bring joy to bird lovers as well as tree lovers.

A professor of entomology has developed an inoculation technique that could save America's most popular shade tree, the elm, threatened with extinction.

The entomologist, Dale Norris, has discovered that a group of organic phosphate

compounds injected into the sap channels of a tree will rise to the twig junctions, where the Dutch-elm beetle usually attack. There the chemicals kill the insect before it can infect the tree with its poisonous fungus.

Of 2,700 elms in Wisconsin injected with the compound in a five-year project, an "astonishing" 99.6 per cent survived the disease season.

The only drawback, Norris explained, is that elms are as variable as humans and the compound is so powerful a dose that saves one tree may kill another. However, experiments have convinced Norris that his technique is the best and that eventually the perfect formula will be found.

Until a few years ago, the battle to eradicate the elm beetle was waged with DDT sprays, and the mortality rate of U.S. songbirds began to climb.

If and when the perfect formula is found, Prof. Norris will have done to Dutch-elm disease what Jonas Salk did to polio.

Demonstration Jitters

By VICTOR RIESEL

Militant men who have developed picketing into a mighty weapon will themselves be picketed soon. But this time they'll undoubtedly go through the lines.

It all will happen on the sidewalks of New York when the country's top 800 labor leaders arrive to attend the biennial national AFL-CIO convention in mid-November.

These men have been carefully selected. Many of them are right under the gun — literally and figuratively — in their home lands. Some also lead important political parties.

No doubt, some of the visitors will one day be their countries' heads of state.

Some of them, such as those in the delegation from Singapore, have just beaten down Communist efforts to topple their government with political strikes.

Negro leaders plan a constant series of mass demonstrations at the convention hotel "for the duration" — meaning for the length of the AFL-CIO's Building and Construction Trades Department national parley opening on Nov. 6.

The picketing will continue right on to Nov. 22 when the regular national AFL-CIO convention closes.

Reports of coming demonstrations have not exactly quieted frayed nerves in the White House, the State Department, the Labor Department, and many of our embassies across the world.

THE WHITE HOUSE is disturbed because President Kennedy plans to speak at the convention. And there is no way he can get into the hotel without passing the pickets.

His aides can ask the demonstrators to take a short break and not embarrass him. Or he can call it off. Or he can walk right through. He'll make enemies.

BUT IT'S CERTAIN that the

ANSWERS YOUR PROBLEMS

Dear Readers: The following letter was forwarded to me by Mohammed Azhar Ali Khan of the Morning News in Karachi, Pakistan. I'm printing it because it demonstrates so pointedly the universality of man's problems.

Dear Ann Landers: I read your column today in the Karachi Morning News and the letter that struck me was written by a 17-year-old boy named David.

You see, I'm 17 years old, and my name is David, also. I have the same problem the American David wrote about. In fact, his description of himself fits me exactly.

I know how he feels when people

foreign labor leaders — whom I have seen so assiduously wooed by East and West in so many parts of the world — will not cross the demonstrators' picket lines.

This truly will become an international crisis.

Though many conferences to avert the picketing are quietly underway, at the moment it appears that the lines will definitely be thrown around the convention hotel.

Leader of the demonstrations will be Rev. Richard Allen Hildebrand, president of the New York Branch of the National Association for the Advancement of Colored People.

He also is chairman of the Joint Committee for Equal Employment Opportunity in the Construction Industry. Its objective is the winning of many jobs for Negroes in the New York construction industry.

It has been a particularly militant committee. It has forced the shutdown of the Harlem Hospital construction project for months. The work was discontinued by the city after mass picketing at the grounds.

Rev. Hildebrand's group has declared open war on the AFL-CIO construction unions. He wants the apprentice and membership rolls opened wide to Negroes immediately, so they can be hired by contractors in the extremely busy New York area.

The joint committee, charging that the jobs have not been opened, has been preparing for the demonstrations. Not for a long time will the national leaders of labor be so concentrated in one spot. And in New York, at that, less than a mile from the U.N.

Civil Rights Not Partisan Issue, Kennedy Tells Rally

PHILADELPHIA (AP)—President Kennedy told a Democratic rally Wednesday night in Philadelphia—where racial tensions and the current election campaign are closely interwoven—that civil rights is not a partisan issue.

He spoke at a \$100-a-plate fund-raising dinner in support of incumbent Mayor James H. J. Tate, who is seeking election Nov. 5 to a full four-year term.

Tate has accused his Republican opponent, James T. McDermott, of "playing for the white vote". McDermott, denying the charge, says Philadelphia's present social climate is "as bad as it can be," because of indecisiveness by Tate.

Kennedy, departing from his prepared text, told some 11,000 gathered in Convention Hall that civil rights "is not a partisan issue or a Republican or Democratic issue. It is a matter of concern to all Americans."

Referring to his administra-

tion's efforts to obtain passage of civil rights legislation, he added, "and with bipartisan support, and that means Republicans as well as Democrats, we are putting forward legislation which is strong, just, effective, and reasonable, to ensure all Americans the rights and opportunities which they deserve."

The civil rights problems facing Kennedy are also being played out in miniature in Philadelphia, and are viewed by many observers as the key issue in the mayoralty campaign here.

Negro demands for what they term fair practices in labor and housing have created a steadily increasing pressure which has erupted in recent months into occasional picket-line violence, teen-age slash-and-run attacks, and, just last week, rioting over the shooting of a Negro shoplifting suspect by a white police officer.

Kennedy, departing from his prepared text, told some 11,000 gathered in Convention Hall that civil rights "is not a partisan issue or a Republican or Democratic issue. It is a matter of concern to all Americans."

SALES, EARNINGS UP

CINCINNATI (AP)—The Drackett Co. says both its sales and earnings increased during the 1963 fiscal year that ended Sept. 30.

The cleaning products firm said it earned \$4,521,000, or \$1.46 a share, on fiscal 1963 sales of \$49,745,000. Drackett's earnings in fiscal 1962 were \$3,346,000, or \$1.15 a share, on sales of \$38,545,000.

The crested flycatcher bird has a habit of usually including a castoff snakeskin in the building of its nest. It is not known what purpose this serves, but some naturalists think the snakeskins scare away enemies that intend to rob the nest.

River-Lake Canal Hit by State Grange

COOLUMBUS, Ohio (AP)—The Ohio State Grange has adopted a resolution urging the Interstate Commerce Commission to review "all proposed competitive transportation projects."

The resolution action Wednesday at the Grange's annual meeting was an indirect slap at plans for a 105-mile, \$1.2 billion proposed Ohio River-to-Lake Erie canal in Northeast Ohio.

The vote supported the position of Ohio Grange Master Byron Frederick who, in his annual address, noted that the ICC previously had reviewed the project.

Frederick said the ICC determined "that there was a sufficiency of transportation in Eastern Ohio and that such a waterway was not needed."

"Perhaps if they had decided otherwise," Frederick said, "We might today be paying artificial prices for transportation of com-

modities being carried on such a canal—just to keep the waterway operators happy, and certainly not to keep all forms of transportation freely competitive."

Youth Traffic Safety Conference Planned

The annual Columbiana County youth traffic safety conference will be held Monday at East Palestine High School.

Registration will begin at 5 p.m., followed by dinner at 6. The theme for this year's conference will be "Pieces of Eight."

Wenzel Morris of Canton, a member of the Ohio Driver's Education and Safety Organization, will be the guest speaker.

Following the speaker students will participate in discussion groups.

The county group will select officers for next year and appoint a candidate for office to the Kent regional conference Nov. 16.

Secretaries Fete 'Bosses' At Dinner

"Days of the Roaring Twenties" was the theme for the seventh annual "Boss Night" banquet of the Sal-Co Chapter of National Secretaries Association Tuesday evening at the Salem Golf Club.

Places for 63 were set at the white covered E-shaped table lighted with yellow, brown and bronze candles. An arrangement of autumn foliage centered with a model of a vintage car decorated the speaker's table, and place cards were held by tiny dolls dressed in fringed dresses relevant to the theme.

Miss Rita Joseph, mistress of ceremonies, presented Miss Margaret Wood, Ohio division treasurer of National Secretaries Association, who spoke on aims and purposes of the organization.

Entertainment was by the "Pittsburghettes" a lively "Sweet Adeline" quartet from Pittsburgh, which has won awards in barbershop quartet singing competition. They sang several numbers, among which were those used in their competition. They also led the audience in song participation.

Setting the stage for the party was a tableau complete with

'Technological Explosion' Here Has Real Meaning

First step in making rocket booster tank dome is cutting 14-foot diameter aluminum blank.

Following explosive forming, the dome is measured to determine contour and thickness.

Proving that the term "technological explosive" has a literal meaning, sequence of pictures above shows the progress of a sheet of aluminum from disc to dome. Top left, a circle 168 inches in diameter is cut on a stationary band saw at Reynolds Metals Co. at Listerhill, Ala. The 1,400-pound blank was then shipped to Martin Co.'s Denver, Colo., facility to be used in testing explosive forming techniques. Right, a huge plume

of water rises against a background of the Rocky Mountains as explosives, detonated underwater above the 14-foot-wide blank, cause the water to cup and stretch the metal to the desired shape. Lower left, the finished dome is measured to determine contour and thickness. What's it for? The dome forms the top of a booster rocket fuel tank and is designed for use in future space vehicles.

Berlin-Ellsworth Ruritan Elect

A. N. Royer was elected as president of the Berlin - Ellsworth Ruritan Club when that group met for dinner Monday evening at the Ellsworth Presbyterian Church.

Also elected for the coming year were: Vice president, Eugene Oesch; secretary, Maurice Jones; treasurer, David Myers; and director, Maynard Williams.

A traffic hazard on Route 45, south of Ellsworth, was discussed and the welfare committee was instructed to report it to the highway department.

Plans were completed for the 5th annual fish fry Nov. 8 at the Ellsworth School, with serving from 5 to 7 p.m.

Frank Bedek of Salem, formerly with the federal and state conservation departments, was guest speaker. He spoke on soil conservation in relation to wildlife and conducted a question and answer period.

The club will meet again Nov. 25 at the Berlin Center Methodist Church.

Pastry with shredded coconut added to it is great to use as the shell for a creamstyle pie filling.

Two Keys, Link In Murder Case, Found In Field

CLEVELAND (AP) — Two keys, which authorities say represent a vital link in the Richard S. Richards murder case, have been found in a weeded field in suburban Strongsville.

Investigators said the keys found Wednesday fit the lock of the motel room occupied by Richards, a jeweler whose body was found in the trunk of his leased automobile in a parking lot in Berea Oct. 7.

Authorities said the keys apparently are copies made sometime before Richards was slain. They said all leads point to John Vanatta, who is charged with Richards' slaying, as the person who had the keys made.

Richards lived alone in the motel room and was known to keep luggage there pertaining to his jewelry business.

The keys were found behind a Howard Johnson's restaurant. Adjoining the restaurant is the Howard Johnson's motor lodge in which Richards and Vanatta had been partners. Vanatta later managed the motel for Richards.

Meanwhile, Vanatta's attorney, Jack G. Day, has filed a motion to have his client released on bail from the Cuyahoga County jail where he has been held since Saturday. Common Pleas Court Judge William J. McDermott scheduled a hearing for this afternoon.

PTA Session At Reilly Draws 350

More than 350 parents attended the open house at Reilly School Tuesday evening, sponsored by the Reilly Parent-Teachers Association.

Wayne J. Steffel presided at the short business session and commended James Gow for his fine work in coaching the 5th and 6th grade touch football teams to city championships in their class this year.

Earle Smith, principal, outlined the schedule of sessions for room visitation and the parents dispersed to individual classrooms where they met the teachers and observed the work done by their children.

At the close of the meeting coffee and cookies were served by Mrs. Lee Gopp and her committee comprised of room mothers of kindergarten and second grade students.

Six Lost

postal official. Jellison has been missing since Monday when he went hunting.

Near Presque Isle a search party set out Wednesday night for John Flannery, 19, of Fort Fairfield, reported missing on a hunting trip in the Squaw Pan Lake area.

Bike Riders Warned About Night Riding

Shortening daylight, coupled with many children with bikes on streets and roads, has brought a rash of complaints to city officials and police from motorists unable to see bicycles without lights.

"Riding a bike in the dark or dusk without lights or reflectors is a violation of city ordinance 773.10," Police Chief Martin Lutsch said today, warning parents they can be held responsible if a mishap occurs involving a non-illuminated bike.

The ordinance requires that a white light must be displayed on the front of the bike and a red light or reflector in the rear.

"The bike rider without lights is a threat to himself and to other vehicular traffic," the chief declared.

With Patients

Miss Thelma Strahm of New Garden is a surgical patient at Alliance City Hospital.

Mrs. Richard Schaffer of RD 2, Beloit, was treated at 12:30 p.m. Wednesday at Alliance City Hospital for a fracture of a toe received when she struck her foot on a couch at her home.

Jill Yother, 11, daughter of John Yother of RD 1, Beloit, who fell on the playground at school and injured her knee, was treated at 2:30 p.m. Wednesday at the Alliance hospital.

T. W. Charnesky Jr.
Thomas W. Charnesky Jr., 62, of Calla Road was dead on arrival at 9:30 p.m. Wednesday at Salem City Hospital. Death was due to an apparent heart attack.

Born in Jamison City, Pa., March 12, 1901, the son of Thomas and Della Keller Charnesky, he resided in Salem most of his life and had been employed by the Denning Company for 40 years prior to his retirement in 1961. He was a member of the Independent Hose Company.

Mr. Charnesky is survived by his wife, Gladys Roessler Charnesky, whom he married March 17, 1923; two sons, Darwin of Salem, and Robert of Hanoverton; three sisters, Mrs. William Lantz of Salem, Mrs. Russell Dunlevy of McKeesport, Pa., and Mrs. Leslie Shannon of Van Nuys, Calif.; two brothers, Wesley, of Youngstown and Ernest Charnesky of Elkhart, Ind., and five grandchildren.

Services will be at 2 p.m. Saturday at the Arbaugh-Pearce Funeral Home with Rev. William S. Longsworth, pastor of the First Methodist Church, officiating. Burial will be in Grandview Cemetery.

Friends may call at the funeral home Friday evening.

Snyder Funeral

LISBON — Funeral services will be at 2 p.m. Friday at the Warrick Funeral Home in Columbian for Mrs. Leona Mae Snyder, 77, of the Columbian Lisbon Rd., who died early Wednesday morning in a fire which destroyed her home.

The association is still in need of a clinical psychologist and a social worker. Miss Rhoda Applegate, 20, of West Point has been hired a receptionist-clerk. A 1961 graduate of Beaverc Local High School, she is the daughter of Mrs. Florence Applegate of West Point and the late Rev. Harold W. Applegate.

Clinic Hours Listed

The clinic is located at 339 E. Lincoln Way and the telephone number is (Lisbon) 424-7211 and the clinic hours are:

Monday 12:30 to 4:30 p.m.; Tuesday through Friday 8:30 a.m. to 4:30 p.m. and Friday evening 6 to 8:30 and Saturday 8:30 a.m. until noon.

Yearly reports were given by Mrs. Paul Hum, secretary and W. J. Hailey, treasurer of the association.

Born April 28, 1890, in Salem, he practiced optometry there for two years before coming to Alliance 41 years ago. He was a veteran of World War I, a member of the Elks Lodge, Disabled American Veterans, American Legion and Loyal Order of Moose.

He is survived by his wife, Florence.

Services will be at 1 p.m. Saturday at the Walton-Schrader Funeral Home, with Rev. Herbert Barnes officiating. Burial will be at Fairmount Memorial Park.

Friends may call at the funeral home from 7 to 9 p.m. Friday.

Mrs. Pauline Hoopes

LISBON — Mrs. Pauline L. Hoopes, 57, formerly of Lisbon, died Wednesday at 1 p.m. at the Massillon State Hospital, where she had been a patient for a number of years.

Born Nov. 18, 1905 in East Liverpool, a daughter of Edward and Elizabeth Buckley, she lived most of her life in Columbian County.

She was a member of the First Presbyterian Church.

Survivors include three sons, John Hoopes and James Hoopes of East Palestine and Paul Hoopes of Benton, Ark.; one daughter, Mrs. Beverly Barnes, Farmington, Mich.; one brother, Dr. Kenneth Buckley of Menard, and three grandchildren.

Services will be held Saturday at 1:30 p.m. at the Henry Funeral Home by Rev. Paul T. Gerrard. Burial will be in Columbian Memorial Park, near East Liverpool.

Beekeepers Plan Meeting Tuesday

W. A. Stephen, extension specialist in apiculture, will be the guest speaker at the annual meeting Tuesday at 6:30 p.m. at the Columbian County Beekeepers Association at St. George's parish hall in Lisbon. He recently joined the extension staff in Columbus.

There also will be election of committee members, report of the county bee inspector and a beekeeping film.

The affair will begin with a coverdish followed by the speaking program. Any person interested in beekeeping is welcome, according to Don Myers, county extension agent in agriculture.

Jill Yother, 11, daughter of John Yother of RD 1, Beloit, who fell on the playground at school and injured her knee, was treated at 2:30 p.m. Wednesday at the Alliance hospital.

Injunction Petitions Filed For 5 Integration Leaders

AMERICUS, Ga. (AP) — Efforts to free five integration leaders from jail moved into a federal courtroom today on petitions for an injunction against state, county and city authorities.

A legal broadside in behalf of the youthful prisoners, held nearly three months, is aimed at blocking further prosecution of charges or arrests or other interference with integration activities.

Hearing the suits are Judge Elbert P. Tuttle of Atlanta, chief judge of the 5th Circuit Court of Appeals, and Dist. Judges J. Robert Elliott of Columbus and Lewis R. Morgan of LaGrange.

Complaints filed by attorneys for the prisoners charge that officials entered into a conspiracy "to injure, oppress, threaten and intimidate citizens."

Four of the youths, charged with trying to incite insurrection, have been held without bail. The use of the state's 1871 insurrection law, which carries a maximum penalty of death, is without precedent in integration disputes.

Jailed on this charge were Donald Harris, 24, of New York, a Negro graduate of Rutgers

University; John Perdew, 21, of Enver, a Harvard student; Ralph W. Allen, 22, of Melrose, Mass., a student on leave from Trinity College; and Zev Aelen, 25, of Minneapolis, former University of Minnesota student.

The fifth prisoner is Thomas McDaniel, 19, of Americus, a Negro. He is charged with riot, unlawful assembly, assisting escape and assault with intent bond is set at \$12,000. These charges also were filed against Harris, Perdew and Allen.

McDaniel, Harris, Perdew and Allen petitioned the U.S. Supreme Court Wednesday for help in gaining release on bond.

The petition was filed for them by the National Association for the Advancement of Colored People. It said, "There is no basis for denial of reasonable bail to these petitioners except to deprive them of their rights of freedom of speech and assembly."

No Supreme Court action is expected until state officials have submitted a reply to the petition.

The arrests last August thwarted a month-long integration drive which included picketing of a segregated movie theater and street marches.

5 Newport, Ky., Officials

Indicted by Grand Jury

NEWPORT, Ky. (AP) — Officials of this northern Kentucky city reacted with surprise and indignation to the bribery indictments returned against them by the Campbell County grand jury.

Owen's Corners

Miss Nancy Lou Elmes, daughter of Mr. and Mrs. William Elmes of Dunn Eden Lake, Salem became the bride of Edward Amico, 224 Parkgate Ave., Youngstown, Saturday at St. Christopher's Church in Youngstown.

Upon return from their honeymoon in Pennsylvania, they will live at 1328 Market St., Youngstown.

Mr. and Mrs. Donald C. Baird visited Sunday with their daughter, Mr. and Mrs. Leroy Hendrix and family at Twinsburg.

Mr. and Mrs. Levern Owen spent the past three days with their son Tom at Springfield College, Springfield, Mass. Tom is a sophomore.

Mr. Charles Baird of Greenford accompanied them to visit his daughter, Nancy, who teaches at Norwell, Mass. Mrs. Herbert Wright of RD, Canfield spent the weekend in the Owen home while they were gone.

Mr. and Mrs. Florian Wyss visited her father Clyde Owen Sunday.

Misses Marilyn Bowman and Patty Owen attended a Hallown party given by the Concord Church Choir Saturday evening at the home of Mrs. John Lutz, Goshen Road.

Mr. and Mrs. Le Mar Kale and Mr. and Mrs. George D. Sisco attended a masquerade party at Washington's Saturday.

Mr. and Mrs. Richard Orr of North Jackson, Mr. and Mrs. Richard Schram and son of Youngstown spent Sunday with their sister and family, Mr. and Mrs. George D. Sisco.

Damascus

The Damascus Mothers club members met in the Damascus School building Monday evening, with reports presented by chairmen of Committees.

Mrs. Emily Ewing and Jay Utterback attended a Halloween party of the Junior Sunday School Class of the North Lima EUB Church Monday at the home of Mr. and Mrs. Bill Wilkiss.

Mr. and Mrs. T. T. Tranter of Warren were recent callers at the home of Russell Garber.

Friends may call at the funeral home Friday from 2 to 4 and 7 to 9 p.m.

UF Campaign Gets Charter Balance

Salem's United Fund received a welcome \$42.91 gift today which represented the balance of funds held from the Salem Charter Commission and the Citizens Charter Committee.

The balance was from funds raised by public contributions and after all expenses had been paid, small balances remained on each account. The Charter Commission had a balance of \$17.52 and the Citizens Committee \$25.39.

A meeting was held by the original chairman and officers of each group and it was agreed that the balance of funds should be contributed to the United Fund drive and thereby put to community use, reported D. N. Eckfeld, who was treasurer of the Charter Commission, and Thomas Cusack, treasurer of the Citizens Committee.

The affair will begin with a coverdish followed by the speaking program. Any person interested in beekeeping is welcome, according to Don Myers, county extension agent in agriculture.

Jill Yother, 11, daughter of John Yother of RD 1, Beloit, who fell on the playground at school and injured her knee, was treated at 2:30 p.m. Wednesday at the Alliance hospital.

Morocco, Algeria Okay Cease-Fire

BAMAKO, Mali (AP) — The cease-fire in the Algerian-Moroccan desert war doesn't take effect until midnight Friday and already the two North African neighbors disagree about what they've agreed to.

The fifth prisoner is Thomas McDaniel, 19, of Americus, a Negro. He is charged with riot, unlawful assembly, assisting escape and assault with intent bond is set at \$12,000. These charges also were filed against Harris, Perdew and Allen.

Race Relations 'Revolution' In Nation's Industry Cited

WASHINGTON (AP)—A "quiet revolution" in race relations is taking place in the nation's factories and workshops, says the man who runs day-to-day operations of President Kennedy's equal employment program.

"We're not talking about race any more. We're talking about human beings," says Hobart Taylor Jr.

Taylor, 42 and a Negro lawyer from Detroit, is executive vice chairman of the Presi-

dent's Committee on Equal Employment Opportunity.

The committee, which has vast power to stop discrimination in a contract or program involving the federal government, has taken corrective action in about 3,000 cases out of approximately 5,000 complaints so far in its two years of existence.

"But this does not begin to touch the number of people that have been helped," Taylor said in an interview today in his of-

fice in the labor Department.

Taylor likes to cite as an example the committee's success in persuading U.S. Steel Corp.'s Tennessee Coal and Iron Division in Birmingham, Ala., to erase racial lines in promotion and seniority.

The program caused not a ripple of racial trouble, Taylor said, even though it began when Negroes were demonstrating in Birmingham earlier this year.

While only 15 Negroes in the Birmingham plant had lodged complaints, the action helped about 7,000 others who worked there. The plant has some 30 per cent Negro workers.

Taylor works under Vice

President Lyndon Johnson, the committee chairman, and Secretary of Labor W. Willard Wirtz, vice chairman.

He estimated the equal employment program applies to some million workers—those working for firms under federal contracts involving billions of dollars a year, and federal government employees.

Although the committee is the first such body to have enforcement powers, Taylor is proud of the fact that it has never had to cancel a federal contract to get compliance.

"We've been on the verge of it but never had to do it," he said.

BAKER INQUIRY OPENS — Senate Rules Committee Chairman B. Everett Jordan, D-N.C., left, speaks with Sen. John J. Williams, R-Del., first to testify as hearings concerning former Senate Democratic Secretary Robert G. Baker open in Washington.

Humphrey Flays Reports Johnson To Be Discarded

WASHINGTON (AP) — Sen. Hubert H. Humphrey said today it is inconceivable that Vice President Lyndon Johnson will be dumped from the 1964 Democratic ticket.

Humphrey, the assistant

Democratic leader, described

as "unwarranted speculation"

reports that he is a possible

substitute for Johnson as Presi-

dent Kennedy's running mate

in his bid for a second term.

"It is inconceivable that Vice

President will not be renomin-

ated," the Minnesotan said in

an interview. "He has done a

fine job and I am for him."

Humphrey, who is expected

to lead the fight in the Senate

for Kennedy's civil rights legis-

lation, noted that Johnson sup-

ports this measure and has

worked and spoken for racial equality.

This activity has diminished Johnson's popularity in the South, where the former senator from Texas helped Kennedy win the presidency in 1960. But Humphrey said he doesn't think the party would be any better off with some other vice presidential candidate either in the South or in the North.

"We won't solve our problems by temporizing with them or substituting another candidate for Johnson," he said.

President Kennedy made it clear a year ago last May in a news conference that Johnson "will be on the ticket if he chooses to run." Johnson does choose to run.

Kennedy's associates said Johnson's renomination is such an accepted fact around the White House that the President hasn't even bothered to discuss it with the vice president.

ated," the Minnesotan said in

Leetonia Teachers Attend Workshop

LEETONIA — The first part of a workshop on the modern math program was conducted Wednesday at Orchard Hill Elementary School when elementary teachers met with James Smith and Donald Morrow of the Silver-Burdett Company.

Discussion centered around the language of mathematics and the change in teaching methods.

Victor Wood, superintendent, said that this was the first part of a workshop in the modern math area and that a continuation of the program will be conducted Dec. 9.

In connection with the program, the January meeting of the Parent-Teacher Association will deal with modern math when a film will be shown on the subject and a consultant will be present to discuss related problems.

The five-school workshop scheduled for February will also have a section devoted to modern math. The entire program is being conducted in an attempt to orient staff members and parents with the new system.

MRS. SYBEL DEGANAN,

school nurse, will discuss the school health program, when the PTA meets Tuesday at Orchard Hill School.

Rev. and Mrs. T. P. Laughner and Pastor Laughner's sister, Mrs. O. B. Morrison of Indianapolis, Ind., attended special services at Resurrection Lutheran Church in Detroit Sunday for the cornerstone laying ceremony of a new addition and a surprise celebration by the congregation for the 35th anniversary of their pastor, Rev. J. H. Laughner, in the Christian ministry.

THE FOLLOWING persons received attendance pins at St. Paul's Lutheran Church School Sunday: Albert Lewis, Cindy Weikart and Glen Windram, two years; Sandy Kridler, Jean Stambaugh, Marilyn Zeigler, Donna Stells, Cheryl Weikart and George Carter, three years; Bill Waggoner, Gregory McCoy and Gretchen Waggoner, four years; John Conrad, Jo Otto and Christy Whitacre, five years; Karen Stumpo, Kristy Farmer, Jane Stumpo and Max Frank, six years; Dennis Gray, Rex Long, Marianne Gin-

ther, Randy Farmer, Herbie Frank, Marsha Waggoner and Dennis Farmer, seven years; Marilyn Ginther, Denise Gray, Marianne Painter and Doris Frank, eight years; Susan Wetzel and Barbara Gray, nine years and Howard Stouffer, 12 years.

GROUND IS BROKEN

WARREN, Ohio (AP) — Ground was broken Wednesday for Republic Steel Corp.'s two 150-ton-capacity basic oxygen furnaces. They will cost 20 million.

The two furnaces will replace

eight open hearths and are part of a \$100 million modernization program announced by the nation's third largest steel producer last March. Similar furnaces are to be installed in Cleveland and Gadsden, Ala., plants.

FICTION

SOMETHING WICKED THIS WAY COMES by Ray Bradbury. A weird and satanic fantasy woven about two boys and a carnival. The author has woven a spell with words as well as unlikely events, and this will please those who enjoy fantasies.

MY FRIEND MADAM ZORA by Jane Duncan. Janet and Twice Alexander come back to Scotland and meet a lot of their old friends in the highlands—and Madame Zora who was once a Lizzie Fintry and lives with a house-full of nearly starved cats. There is a lot of good fun as usual.

THE TILSIT INHERITANCE by Catherine Gaskin. John Tilsit had left England and gone to a Caribbean island to try to make a living on a sugar plantation. He would never discuss his past or his family with his daughter, now a beautiful girl just leaving school. But his sister comes to see her when he is away, and after the sister dies, the daughter is called back to England for the reading of the will. A romantic novel well told, this will please many readers.

UPON THIS ROCK by Frank G. Slaughter. A fictional telling of the life of Simon Peter whom Christ called "... this rock upon which I will build my church." There is much more than this, in fact, much of the New Testament is re-told in this tale of many of the people we know from the Bible.

NON-FICTION

STRENGTH TO LOVE by Martin Luther King, Jr. A volume of sermons by a man who is better known to the average person as a leader of integration movements than as a minister. However, the reviews for this book have all been complimentary, whatever their source.

NON-CHRISTIAN RELIGIONS A TO Z edited by Horace L. Friess. This is an objective study of many religions of the world in condensed, sometimes almost outline, form. There is enough to give a general idea of the beliefs and practises of each religion discussed, and even a brief history.

THE LIFE OF BIRDS by Joel Carl Welty. This is a broad survey which presents the basic facts of the biology of birds, and goes far to explain why birds behave as they do. Not only does he describe in detail the way various families of birds live, but he describes the latest instruments and techniques used in observation of bird life. This is a fascinating book for anyone who is deeply interested in birds.

LONGEVITY by Jacques Guilleme. The author here discusses the variations in life expectancy during various periods of history, the discoveries and medicines that have lengthened this expectancy, describes various experiments where plant and animal cells have been kept alive in cultures far beyond their normal life period, and ends with the bitter comment that we are wasting our time in preserving life for longer periods when we do not at the same time provide mental and spiritual nourishment other than herd-like obsessions.

POPULAR MECHANICS HOME BOOK OF REFINISHING FURNITURE. This is one of the most complete and best-illustrated books on refinishing this reviewer has seen. It is well illustrated and includes directions for both hand and machine finished work. The only shortcoming found was that not every subject in the text can be found in the index.

CAROLINA GARDENS by E. T. H. Shaffer. This is a new edition of a classic work on the gardens so justly famed and their background and history. There are more than seventy-five gardens included in his descriptions.

LADIES' HOME JOURNAL BOOK OF LANDSCAPING AND OUTDOOR LIVING. This is an entirely fascinating book—with enough ideas in it to stimulate the most unimaginative. There are ideas for city lots, country lots, suburban areas and even for open fields. The houses represented also represent a wide variety in size and style.

A GUIDE TO TRADITIONAL AND MODERN PAINTING METHODS by Frederic Taubes. The author has attempted a great deal in a short space in this book, but seems to have been reasonably successful in the attempt. He discussed the techniques and aesthetics of painting from medieval times to the present, with many illustrations.

WINNING CHESS TACTICS ILLUSTRATED by I. A. Horowitz. A book of problems to sharpen your game, with answers all at the back of the book.

POETRY HANDBOOK by Babette Deutsch. A new edition of a standard handbook, very useful to teachers and to the aspiring poet.

dition to his own knowledge of her.

A KIND OF MAGIC by Edna Ferber. The noted author tells the story of her life from the end of "A Kind of Magic" which took her up to 1939, to the present time. She has had a full and eventful life, has witnessed many of the fateful events in the history of our time. She tells of it all with clarity and brevity, along with her own terse and biting comment.

BEST AMERICAN PLAYS edited by John Gassner. This is a supplementary volume to the three older volumes of this fine collection and covers the years from 1918 through 1958. There are complete texts of seventeen plays, some very well known, some not so commonly known.

T. E. LAWRENCE TO HIS BIOGRAPHERS. Personal letters and comments written to two people who were more closely connected with him than most make up the contents of this revealing book. When he is writing to B. H. Liddell Hart he is perfector of guerrilla warfare; when he writes to Robert Graves he is the great descriptive writer to whom Graves turned for intelligent criticism.

THE HAUNTED CHILDREN by Donald A Lowrie. The story of how various organizations and individuals worked together to keep Jewish children alive during the Nazi occupation of France. The author is a native of Ohio, but has lived most of his adult life in Europe.

ON THE OTHER HAND by Rachel Adams. Mrs. Sherman Adams tells the story of her life—a story which she has wanted to do all her life. She tells it with wit and humor and quite a bit of tartness too. But she is not bitter, and speaks frankly of the events which put an end to her husband's political career.

MY DARLING CLEMENTINE by Jack Fishman. A biography of Mrs. Winston Churchill, and of course of Sir Winston through his wife's eyes along with her own story. The author has used many personal letters and has talked with many people from all walks of life who have known Lady Churchill, in addition to his own knowledge of her.

Salem Plans Changes At End, Guard For Potters

Begalla, Bowyer Duel May Develop

Gary Starbuck, his injury healed, will return to the Salem lineup at his guard post for the East Liverpool clash at the Potters' field Friday at 7:45 p.m.

Another line change for the contest will find Mike Joseph replacing Jim Lantz at end. In the backfield Coach Don Clarico plans to go with Larry Earley at quarterback, Cody Goad back, Mike DeRienzo at right or Dave Fleischer at left half-halfback, and George Begalla at fullback.

A duel may develop between Begalla and the Potters' fullback, Bob Bowyer, who tallied all of East Liverpool's points in a 20-18 victory over Weirton, W. Va.

BOWYER IS THE lead scorer in a balanced East Liverpool backfield. He has chalked up 64 points compared to 59 for Salem's All-Ohio candidate Begalla.

Right halfback John DiPasquale has tallied five touchdowns for the Potters, left halfback Earl Olmstead, three TD's and four two-point conversions, and quarterback Bob Forzano, five touchdowns.

Ron Echols, 205-lb. senior, will replace Mike Snowden, 190-lb. senior, at a guard for the Potters. Coach Bob Headmond also plans to alternate Bob Maltarich with Forzano at quarter-

Maltarich guided East Liverpool to two of its touchdowns in the Weirton win.

The Quakers opened the campaign with an 18-14 victory over Cleveland Lincoln, then went into a tailspin, losing to Ravenna, 16-12 (later forfeited); Lorain, 20-6; Farrell, Pa., 40-7; Akron North, 22-15; and Canton Timken, 14-13. A week ago, the Claricomers dropped a 42-8 decision to Boardman.

NFL Star Has Caught 28 Aerials For 751 Yards

Steelers' Dial Would Like To Grab Pass-Catching Title

BY LOU PRATO
PITTSBURGH (AP) — Pass-catching whiz Buddy Dial of the Pittsburgh Steelers, off to the best start of his career, would like nothing better than to grab the National Football League pass-receiving crown this season—well almost nothing.

"Dadgum if Ah wouldn't like to win that (title)," Dial mused in his cheerful Texas drawl. "But Ah also want to play on a championship team and we have the chance this year."

"Ah don't know which one Ah want more," he added. "May-be ah can have both."

Maybe. But not likely. He has a better chance at the receiving honor than the Steelers have at the NFL championship.

The Steelers currently are fourth in the Eastern Division 1½ games behind front-running Cleveland. They're still in contention but with games left with the league's four powers — Green Bay, Cleveland, Chicago and New York — the odds against staying there are high. But Dial, the former Rice All-American, is in an excellent position to capture the first pass-receiving title in his sensational five-year NFL career.

After seven games, Dial, the

Unbeaten Canfield Battles Chaney Saturday; Bobcats To End Season

By MARK W. MILLER

News Sports Editor

Showdown for unbeaten Canfield (7-0-1) is Saturday, when the Cardinals take on a strong Youngstown Chaney aggregation at 2 p.m.

In Tri-County League competition, most of the loop will center their attention on the annual classic at Columbiana,

where Coach George Fisher sends his Clippers against a mediocre season.

An interesting clash could develop between Leetonia and Sebring at the Trojans' stadium. Both schools have dropped their last six games in a row, after opening the campaign with two straight victories.

COACH KARL KOKORS' aggregation started the season by knocking off United, 22-8; and Beaver Local, 26-6. Beaver, under the direction of former Warren Harding Coach Chet Riffle, beat McDonald 26-8 and North Lima 8-0 in its first two tilts.

KONNERTHS GAINED on front running Gordon Scott by sweeping four games from the Eagles in the Thursday Night Women's League. The winners rolled a 641-672-752-2,065 series to 576-640-660-1,876 for the losers.

League leader Gordon Scott split with Famous Market, Colonial Dress, third place in the loop, knocked off Genesee Distributors, 3-1.

Wanda Wilson chalked up the individual high series 510. Berneice Bruderly collected the high game 227, and a 509 three-game set.

Second place Polinoris Spaghetti and Steak House swept a 4-0 victory from Scott's Candy and Nut Shop, by posting a 780-767-772-2,319 three-game set.

Ruth May of Zimmerman's rolled the high individual series and game as she knocked down 172-180-214-566 pins. She leads the loop with a 171 average.

Other high series and game were chalked up by Wanda Wilson, 505 and 173; Sarah Hanna, 492 and 179; Margaret Stewart, 492 and 166; Virginia Stiffler, 472 and 172; and Audrey Jensen, 461 and 168. Mildred Harroff had a 189 game.

THE DUBBERS COLLECTED the high team series 1,836 and high game 657 in the Salem Golf Club Mixed League. The Slicers had 1,822 and 642 respectively and the Fairways put together a 1,788 three-game set, and the Hookers a 630 game.

Edna Snyder led the women's division with a 478 series. She also chalked up the high game 183. JoAnn Crawford was second in both departments with 451 and 181. Ruth Gurney carded a 419 series and Ruth Greenwood a 165 game.

Clarence Hartsough led the men with a 517 three-game set. William McKay carded a 493 series and a 195 game. Fred Fensky carded the individual high game 197. Jim Wingard had a 501 series and Gordon Scott a 187 game.

FITZPATRICK SOHIO and Glenn Oesch Sohio posted 4-0 victories in the Friendship League at Saxon Lanes. Dorothy Vogelhuber carded the high individual series 560 on games of 196-166-198.

Glenn Oesch Sohio knocked off Church Budget No. 2 790-

• BEVERLY FARMS HOLDS a two-game lead in the Area Merchants League with a 24-8 record. Cornie's TV and People's Lumber Company are in second place with 22-10 marks.

Cornie's rolled the high series 2,588 and game 947. Dicksey's Ideal Dairy had a 2,560 three-game set and Robbyn's Knoll had a 904 game.

Aid Budget leads the loop standings with a 16-8 record. Pete's TV is second at 15-9 and Kappy's is third at 13-11.

John McGraw's Giants won four straight National League pennants from 1921 through 1924.

In 1902 the Pittsburgh Pirates won the National League flag by a margin of 27½ games.

Tittle Picked Best Of The Week In NFL

By JACK HAND

know by now that the Giants, under Tittle, snapped Cleveland's six-game winning streak last Sunday, 33-6. Tittle, who turned 37 on Oct. 24, ignored his favorite weapon, the long ball or bomb. Instead he "chunked it out" as Sherman called it, passing accurately when the occasion demanded and sending Alex Webster, Hugh McElhenney, Phil King and Joe Morrison along the ground.

Tittle hit eight straight passes in one streak, completed 14 of 20 in the first half and wound up the day with 21 of 31 for 214 yards and two touchdowns. He was named Star of the Week by the Associated Press.

If there was a Lineman of the Week category in the pro ranks, it would have to be Henry Jordan of the Green Bay Packers. The big defensive tackle made three key plays in the last quarter that saved the day for the Packers in a 34-20 victory over Baltimore.

Collier Says Philadelphia 'No Soft Touch'

Browns' Coach Warns Squad About Eagles

CLEVELAND (AP) — Cleve-

land Coach P. Anton Collier isn't expecting a soft touch in Philadelphia Sunday, and he has warned his Browns not to be lulled into any complacency by the Eagles' injury woes.

1963 FOOTBALL REFEREE'S SIGNALS

Buffalo's Kemp Is Named AFL Player of the Week

BUFFALO, N.Y. (AP)—Jack Kemp's confidence may be the reason he's the Player of the Week in the American Football League.

Like most of the 29,243 persons in the stands, Kemp figured he had blown the Buffalo Bills' chance to beat the Boston Patriots last Saturday night.

Hadn't the Patriots driven him from Boston's 11-yard line to the 40 with about two minutes left in the game? And didn't Mack Yohn miss a 47-yard field goal attempt that would have broken a 21-21 tie?

But Kemp, chosen by The Associated Press, recalled today that he had not given up hope.

"I thought we'd make it," he said. "We'd at least get close enough for a field goal if not a touchdown."

That view he said, came when Buffalo regained the ball on its 28-yard line with 28 seconds to go.

"We had set up the play on the sideline," Kemp said as he described how Charlie Ferguson, a former Minnesota Viking, was instructed to sprint downfield and then cut to his left while Kemp made his throw.

Ferguson, a 6-foot-5 end filling in for Bill Miller, reached out, gathered in the ball on the Boston 20 and raced across the goal line untouched for Buffalo's

28-21 victory.

Earlier, Kemp scored three touchdowns, each on one-yard line smashes.

Navy Favored To Defeat Notre Dame

By MURRAY ROSE

Associated Press Sports Writer

The dangers of the road face four of the nation's Top Ten college football teams this week and Navy Coach Wayne Hardin has turned psychologist in an effort to beat the hazard this Saturday at Notre Dame.

Fourth-ranked Navy, 5-1-0, is a favorite over the thrice-beaten Irish, 2-3-0, but the slick-talking coach wouldn't mind if it was the other way around. Underdogs have a way of coming up for these traditional battles.

Probably in the hopes of preventing a letdown by his Midshipmen, following their 24-12 conquest of all-conquering Pitt last Saturday, Hardin has painted a gloomy picture of what it means to be a visiting team playing in the shadow of the Golden Dome.

"It's a definite disadvantage to play on that campus," said Hardin Wednesday.

"You're looking for The Gipper (legendary halfback George Gipp), Knute Rockne, and others that you know aren't really there. But it still bothers you."

The coach may have been a little fanciful about South Bend, but his players are fully aware of the extra pressures of playing away from home. Only a few weeks ago, lightly regarded Southern Methodist tumbled the Middies, 32-22, at Dallas.

Texas, 6-0-0, the Nation's No. 1 team and one of the four ma-

TRIPLE THREAT TRIPLETS — Riding their tricycles at the age of three (top) are the Ferguson triplets, Jackie, Douglas and Bobbie. Fifteen years have passed and the boys are a bit more active now. They're first string players on the East Leyden High School football team in Franklin Park, a Chicago suburb. Left to right in both photos: Jack is a defensive back, Doug an end and Bob an offensive back.

jor college all-winners, faces night with a 108-102 mark over the same SMU Mustangs in the Detroit Pistons.

In other games the Philadelphia 76ers defeated the Baltimore Bullets 111-108, the St. Louis Hawks won their fourth in a row by walloping the New York Knicks 121-104 and Cincinnati beat the Los Angeles Lakers 115-107. The defeat knocked the Lakers out of first place in the Western Division. St. Louis took over.

The other six members of the elite Top Ten are at home this week, and tickled silly the schedule gives them the break.

That's especially true for Illinois, 4-0-1, the No. 2 team which entertains Purdue, 3-2-0; fifth-ranked Auburn, 5-0-0, which has Florida, 3-2-1, as its guest; seventh-ranked Alabama, 5-1-0, which has Mississippi State, 4-1-1, coming for a visit; and 10th-ranked Pitt, 4-1-0, which has plenty of trouble heading its way from the traveling Orangemen of Syracuse, 4-1-0.

Ninth-ranked Ohio State, 3-1-1, probably doesn't need the advantages of home cooking against Iowa 2-2-1, but isn't complaining. Sixth-ranked Oklahoma, 4-1-0, appears to have a softy this year in Colorado, 2-4-0, but still is glad it doesn't have to take on the Buffs in the thin air of the Rockies.

The old Washington club reeled off 15 straight back in November and early December, 1948, to set the record for the longest winning streak at the start of a season. Boston is playing one game at a time and not worrying about any records, but the Celts won 17 straight during the 1960 season, so it isn't something they haven't done before.

Elgin Baylor's basket put Los Angeles ahead 89-87 in the last quarter, but Cincinnati rallied to spoil the Lakers' home debut before 14,533.

By THE ASSOCIATED PRESS Northern Illinois, with its record-breaking passing and catching combination of George Bork and Hugh Rohrschneider, and

the classy Delaware Mud Hens beaten Harvard in the other. They were not in the first ten a week ago.

The all-conquering Midwesterners trounced Eastern Illinois 43-0 for their seventh victory of the season and maintained a solid hold on the No. 1 spot.

They received three first-place votes and five for second from the special national panel of eight selectors for a total of 85 points. A week ago Northern Illinois received 66 points. Points are counted on a basis of 10 for first, nine for second, etc.

Delaware slipped past beaten Florida A&M and took over second with 55 points. The Mud Hens, who whipped Connecticut, a major college, 26-14 for their fifth victory, received three first-place votes and were named on all eight ballots for 55 points.

Florida A&M suffered its first defeat, 14-12 to Tennessee State, but still received 43 points. This was good for third place.

All of the other members of the Top Ten with the exception of unbeaten McNeese State, La., were held over for another week. Massachusetts, a powerful Eastern minor, walloped Boston University, a major team, 21-0, and gained eighth place. The Redmen have won five of six games and tied un-

der.

The 20-man committee of the Baseball Writers Association voted him the prize.

This one wasn't unanimous, but the handsome, dark-haired Sandy beat out Dick Groat of the St. Louis Cardinals by a commanding 37 points to 190.

The Brooklyn-born Koufax, who lives here now, said:

"I didn't think I was going to win it because I didn't think a pitcher would win. I am especially proud because I believe this is the most important award in baseball."

Perhaps the 28-year-old, 6-foot-2, 200-pound Sandy and others have a point in saying that everyday toilers in the baseball vineyard merit the MVP trophy.

But last year such Dodgers as Maury Wills, Don Drysdale, and Tommy Davis had overwhelming seasons. Sandy and his now famous pitching finger went out of action in mid-season and the Dodgers did not win the pennant, much less a World Series.

Koufax, conversely, had a wounded finger and won 25 games. The Dodgers copped the pennant and whipped the New York Yankees four straight in the World Series. Koufax pitching in the first game and the decisive Yankee - killing fourth game.

Attends NASA Event

Jay Hunston, one of the gional Youth Science Congress in Cleveland, came back to his ninth grade class at Salem Junior High with his mind full of fresh ideas gathered at the Lewis Research Center in Cleveland.

The freshman was one of 25 students from eight states with outstanding promise in science who were invited to the congress. Jay presented a paper on "Radiation", then was privately taken on a tour of the nuclear physics research section of the National Aeronautics and Space Administration center.

Three other students from Ohio were in attendance plus others from Indiana, Illinois, Iowa, Michigan, Minnesota, Wisconsin and South Dakota.

Chosen as delegates to the National Youth Science Congress were Lee R. G. Snyder of Huron, S. D.; Eileen Thompson of Grand Rapids, Mich., and Nancy Lee Williamson of Bryan, O., all upperclassmen.

Dr. Abe Silverstein, director of the research center, said the youth congresses are sponsored by NASA to "recognize excellence, promote better use of professional talent, and to develop talented young people as scholars and men of action."

He advised the youth to "read widely to stimulate independent thinking... and to assume that everything you hear is wrong."

Walter Newton, Salem Junior High science teacher who accompanied Jay on the trip to Cleveland, called the congress a "great and inspirational experience for everyone".

Here Is Non Partisan Information On Candidates and Issues In The November 5 General Election As Compiled From Questionnaires Sent Out by the

League of Women Voters. The Replies Are In Candidates Own Words And They Have Been Quoted Exactly Without Editing

FOR MAYOR

Term of Office: 2 Years
Salary: \$7,150 Per Year
(one to be elected)

Please answer the following 2 part question.

- A. What do you think should be done to promote a long range street improvement program in Salem? How should it be financed?
B. What other capital improvement projects would you work for and how would they be financed?
(We would appreciate your limiting your reply to within 200 words)

DEAN B. CRANNER

(Democrat) Age 50
Martins Drive

EDUCATION: High School.
OCCUPATION: Mayor — City of Salem, Ohio.
TRAINING AND EXPERIENCE: Seven and one half years a Mayor. 10 years as a merchant.

Reply to Questions

A. Streets—A City Ordinance to only allow Class A streets to be built on any or all new additions to the City, with curbing, sidewalks, street lighting, storm sewers. This would eliminate extra assessment at a later date to the property owner.

B. To allow the Mayor, Service Director, and Engineer to present to City Council a five year program as to the needs that with Council's approval this would become a matter of public record. Each year the Engineering Department would have a given number of streets to complete.

A. To Finance — All new Developments to be paid for by the Developer.
B. All major street improvements on streets now in place to be by 50 per cent City 50 per cent property owner. The City's share from Capital Improvement monies.

Capital Improvement Projects

To improve the rolling equipment in all branches of the City Service Dept., Fire Dept., and place it on yearly rotating basis, for replacement.

To work for a Civic Auditorium to be built in a central location in the City to benefit all the Citizens.

To work for and start a Sidewalk Program in Salem.

This all to be financed with income tax capital improvement money set aside yearly as the money becomes available.

Reply to Questions

A. I favor a street improvement program that gives due consideration to the use of each individual thoroughfare. When a new pavement laid, it should guarantee permanency under normal wear. A properly improved street combined with enforcement of prescribed usage standards should eliminate the need for stop-gap paving practices of the past. Capital improvements funds combined with minimum assessments should provide necessary financing.

In answering this question, I believe first, that capital improvements funds should be limited in use to just that. A program with regard to the run-off of water should be a matter of major concern. Flooding, traffic congestion, washing away of earth are attendant ills. The long term improvement of storm sewer facilities is basic to their cure and present tax formulas primarily capital improvements, should make it possible.

No Time for Humor

NEW YORK (AP) — One of life's ordeals is trying to figure what to say when someone shows you snapshots of his near and dear ones.

No matter how well you know

will say.

"He thumbs through his credit cards, plucks out a color photo of his wife and kiddies, plants it in your perspiring palm and demands, 'Well, what do you think of them?'"

"Lemme show you a recent pitcher of my ball and chain and all our little leg irons," he first two things you think are:

Prepared by League of Women Voters of Salem

PROPOSED CONSTITUTIONAL AMENDMENT BOND ISSUE FOR PUBLIC IMPROVEMENTS

(Proposed by Resolution of the General Assembly of Ohio)

A majority affirmative vote is necessary for passage.

1. Proposed Constitutional Amendment Bond Issue for Public Improvements (proposed by Resolution of the General Assembly of Ohio). A majority affirmative vote is necessary for passage.

Proposed bond issue for the purpose of providing classroom facilities for schools, and providing for state supported or assisted colleges and universities including community colleges, municipal universities, and university branches, for assisting in the development of the state by providing for water impoundment sites, parks, recreation and conservation of natural resources, and for state buildings, and for such purposes to amend Article VIII of The Constitution of the State of Ohio to authorize the issuance of bonds or other obligations of the State in an amount no greater than \$250,000,000 and to provide for the payment of such bonds and other obligations and the interest thereon by excise taxes including a one-half cent cigarette tax therefore and for outstanding capital improvement bonds and to eliminate the existing one-half cent cigarette tax when not required.

SHALL ARTICLE VIII OF THE CONSTITUTION OF OHIO BE AMMENDED TO AUTHORIZE THE ISSUANCE OF SECURITIES OF THE STATE OF OHIO IN THE AMOUNT OF \$250,000,000 TO PROVIDE FUNDS FOR CLASS - ROOM FACILITIES FOR SCHOOLS, FOR STATE SUPPORTED OR ASSISTED COLLEGES AND UNIVERSITIES, FOR WATER IMPOUNDMENT SITES, PARKS, RECREATION AND CONSERVATION, AND FOR STATE BUILDINGS - FUNDS FOR THE PAYMENT OF SAID OBLIGATIONS TO BE OBTAINED BY EXCISE TAXES INCLUDING A CIGARETTE TAX OF ONE-HALF CENT ON EACH TEN CIGARETTES OR FRACTIONAL PART THEREOF?

EXPLANATION: Since the Ohio Constitution limits the amount of the state's indebtedness, it is necessary that a bond issue be presented to the electorate in

the form of a constitutional amendment. This constitutional amendment authorizes a \$250 million bond issue for the following capital improvements:

1. \$175 million for buildings and their sites for state supported or assisted colleges or universities, including community colleges, municipal universities, and university branches.
2. \$35 million for classroom facilities to be leased or sold to public school districts unable, within the limitations provided by law to provide facilities without assistance from the state.
3. \$15 million for buildings and their sites for state purposes including penal, correctional, mental, welfare, and research.
4. \$25 million for lands and interests in lands and the development of such lands or other state lands for water impoundment sites; park and recreational uses and conservation of natural resources; and the use of such bonds and other obligations in conjunction with federal grants and loans for any of the above purposes.

Funds for the payment of bonds will be obtained by a cigarette tax, beginning January 1, 1965, of $\frac{1}{2}$ cents on each ten cigarettes or fractional part thereof—or 1¢ per pack of twenty cigarettes.

Amount of bonds issued in any one year is limited to \$100 million. No bonds are to be issued after December 31, 1972.

All bonds shall mature at a date not exceeding thirty years from the date of issue.

While both proponents and opponents agree on the need for the capital improvements included in this bond issue, there is a disagreement as to the method of financing the program.

If the issue receives a favorable majority vote from the electorate, the specifics of the amendment will be implemented by statutory law enacted by the General Assembly reconvening in December, 1963.

The safest thing is to resort to the half-truth. Simply say, "Why she reminds me of a movie star." You don't have to add what movie star she reminds you of. Maybe Lassie—or Marie Dressler playing a witches' role.

The surest way to become a social outcast in these cases is to resort to humor. It is always out of place.

I recall one time at a cocktail party when a strange woman had been boring me with a collection of family photos, and I had run out of ready answers. "Bet you can't guess who this is?" she said coyly, holding up a faded snapshot.

"A refugee from the Johnson town flood?" I guessed wildly.

The lady hardly hesitated a second. She reached up and calmly and slowly poured her martini over me. The photo was one of her made in her teens.

I felt rather silly standing there in the middle of a crowded room with a wet olive squarely atop my big square head.

Phantom Airlines Bugler Strikes Again

MIAMI, Fla. (AP) — The phantom bugler, who knows the secret phone number for hooking into the Eastern Air lines struck again.

For months, the bugler has sporadically serenaded Miami employees with "Taps," apparently tooted on a toy trumpet.

Last week, a hangar sprinkler system suddenly sputtered. As crews began to mop up, the public address system clicked on and the familiar trumpet began:

"Row, row, row your boats, gently down the stream..."

MORTY MEEKLE

A word from **HERON**
at the
COUNTRY STORE

I want to tell you about our fine produce department. Ray Oberholzer our produce department head goes all out to bring you the finest produce at the lowest possible prices.

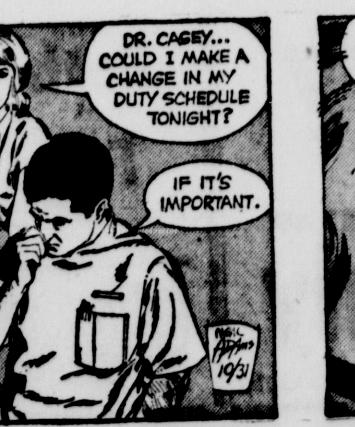

For quality, variety and price Ray says he doesn't have to take a back seat to anyone.

In Ray's spare time he visits other stores produce departments to see that he is keeping up with the times.

If you come in the store and hear someone on the P. A. system its Ray telling you about his good values on quality fruits and vegetables.
